Custom Metal Pallets

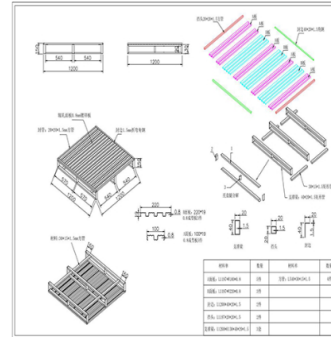

Short Description:

When steel pallet is used on the shelf, its friction coefficient is large, and it is not easy to slide under load, so it is safe and reliable to use. It has the advantages of good steel, large load, durable, long service life, favorable price and high recycling rate.

The size of the pallet is usually decided according to the actual situation of the goods.

The metal pallet is generally divided into single-sided pallet, double-sided pallet, square corner pallet, round corner pallet, full panel-covered pallet, panel with slot pallet, two-way entry pallet, four-way entry pallet and so on.

Galvanized steel pallet

When steel pallet is used on the shelf, its friction coefficient is large, and it is not easy to slide under load, so it is safe and reliable to use. It has the advantages of good steel, large load, durable, long service life, favorable price and high recycling rate.

The size of the pallet is usually decided according to the actual situation of the goods.

The metal pallet is generally divided into single-sided pallet, double-sided pallet, square corner pallet, round corner pallet, full panel-covered pallet, panel with slot pallet, two-way entry pallet, four-way entry pallet and so on.

Advantages of steel pallet :

1. Welded construction
2. Eliminates need for wooden pallets
3. Heavy corrugated deck and stringers
4. Bacteria resistant
5. Easily cleanable
6. 100% recyclable and repairable
7. Contains holes for drainage
8. Large load capacity
9. Great for shipping
10. Available in standard colors and galvanized

Basic information	
Material	Q235 steel
Surface treatment	Galvanized/powder coating
Entry Type	2way/4 way
Face	Single face/deck, double face
Dynamic Load	1000KG
Static Load	6000KG
Selective rack	1000KG
Drive in rack	1000KG
Dimension	EU pallet: 1200*1000/1200*800*130 American&Canada : 48"(1219)*40"(1016)*5"(130) Asia: 1100*1100*130 Australia: 1140*11140*13042"(1067)*42"(1067)*130
Environment	Indoor
Material handing equipment	Forklift, handlift
Connected way	Weld
Other	All the size and load can be customized
